

Electric Stapler, Heavy Duty 70 Sheets Automatic Stapler, with 5500 Staples

About this item

- **70 Sheets Capacity---** This electric stapler can bind up to 70 pages of common A4 paper (60g/m²) at once. Suitable for most document binding. Please note: If you need to bind thicker paper, please reduce the feeding volume appropriately.
- **1s Quiet Binding---** The electric stapler adopts light-sensitive technology, if the detection of the paper into the recognition and binding, which is very fast and quiet.
- **Flat Clinch Design---** Unlike traditional staplers, this electric stapler uses flat-clinch technology, which saves 25% of document storage space for neater binding.
- **Large Staples Box---** Equipped with an enlarged staple box, this heavy-duty stapler can hold approximately 7,500 staples at one time, effectively reducing the number of times you have to load staples and increasing work efficiency.
- **Compact & Powerful---** You can place this compact and lightweight electric stapler in any corner of your office and never need to manually press a stapler again.
